

What is Spring Booster?

The Thrive City Spring Booster at VAM is a 3-day retreat that inspires, informs, and re-energizes students looking to elevate their string playing to the next level. Attending the camp will help participants create an authentic connection to music, and show how to achieve organic results through the instrument.

What are the eligibility requirements for the camp?

Applicants must be within the range of 8-13 years of age. Participants are grouped in classes regarding their respective level of technique, as well as their comfort level with improvisation.

What cool things can we expect from the Spring Booster?

As with all Thrive City camps, a musical connection is fostered through improvisation, ear training, seminars, and technical improvement. Workshops will address concepts such as: applied theory, playing by ear, dance, jazz/pop notation, and ornamentation. Students will collaborate in a mixed-instrument environment, side-by-side with students of similar ability.

Wait a minute! Is this the same thing as the Boot Camp?

No. While the fundamental approach (thinking outside the box) is similar, there will definitely be something new for everyone to learn, whether or not they have been to a previous Boot Camp.
